

Expression of Interest (EOI) FOR ESTABLISHING LOCAL LEVEL ENTREPRENEURSHIP for supply of Chip Bamboo to Assam Bio Refinery Pvt. Limited (ABRPL) at Numaligarh, Assam

Assam Bio Refinery Private Limited (ABRPL) intends to invite Expression of Interest (EOI) from prospective individuals, Partnership firms, Companies, Self Help Group (SHG), Co-operatives or Joint Forest Management Committees (JFMC) in the state of Assam, Nagaland, Arunachal Pradesh and Meghalaya to set up Bamboo Chipping unit cum stock yard to supply chipped bamboo on a long term basis for Bio Ethanol plant being developed by ABRPL in Numaligarh, Assam.

1. Background:

Assam Bio Refinery Private Limited (ABRPL or Company), is a Joint Venture (JV) Company between Numaligarh Refinery Limited (NRL), Fortum 3 BV and Chempolis OY, Finland. The Company proposes to produce eco-friendly bio-ethanol, acetic acid and furfural alcohol from bamboo biomass. The project targets at larger production of sustainable bio-fuels in India to reduce India's dependence on imported petroleum. The bio refinery will be based on Chempolis' 2nd generation bio-refining technology, which enables selective fractionation of biomass and co-production of multiple products in a sustainable way.

2. Objective of the EOI :

ABRPL in line with national objectives is committed to develop and rapidly scale up the production of ethanol using 2nd generation technology. Considering the abundance of cellulosic feedstock (Bamboo) in north east region of India coupled with Government of India's policies to promote ethanol as renewable transportation fuel, ABRPL proposes to set up a bio-refinery plant in Numaligarh to produce ethanol and other platform chemicals using bamboo as feedstock. **ABRPL, through this EOI intends to collect information about the prospective entrepreneurs (Individual/ Self Help Group/ Co-operatives/ JFMCs), firms (proprietorship, partnership, Companies etc.) to act as "Local Level Entrepreneur (LLE)" who are willing to set up infrastructure facilities for chipping bamboos received from the respective area of operation from individual growers/community (ies), joint forest management committees (JFMCs) as per the direction of ABRPL and supply the same to ABRPL's plant site through registered transporters.**

3. Implementation model :

ABRPL in association/co-ordination with various other state/private owned agencies shall identify area/clusters where there is abundant supply of Bamboo and from where it can be sourced sustainably. Bamboo may be sourced from individual farmers, community (ies) representative(s), Joint Forest Management Committees (JFMC) and any other owners and growers of Bamboo in the North Eastern states. These bamboo to be processed/semi-processed into chips at the identified Clusters/Regions before being transported to the ABRPL's plant. Local level entrepreneurs at strategic locations will be selected by ABRPL for developing the chipping units cum stock yard. ABRPL will extend all possible supports to establish the entrepreneurship. LLEs shall be paid for the value added activities in the process i.e. for storage and chipping of bamboo at their premise. Transportation of chipped bamboo to the Plant location may be taken up by LLEs separately through Registered transporters. Average investment for setting up such units is estimated to be approximately Rs. 40 – 50 lacs.

4. Responsibility of a Local Level Entrepreneur:

- i) LLE will have to build a infrastructure with following facilities for chipping bamboos:
 - Industrial shed for the chipping machines.
 - Weighing machine & Moisture measuring instruments.
 - Power connection with Transformer
 - Communication system
 - Truck unloading and loading facilities
 - Water tank and fire fighting equipment.
 - Adequate storage area with a small office.
 - Adequate manpower to operate the establishment.
- ii) LLEs shall have to coordinate with the registered Bamboo growers of the area and registered transporters to maintain smooth supply of chipped bamboos to ABRPL.
- iii) Receipt of green bamboo from the growers and supply of chipped bamboos to plant to be done in co-ordination with ABRPL.
- iv) As all financial transactions will be done based on the quantity (MT basis) maintenance of data /transfer data to ABRPL on time will be responsibility of the LLE.
- v) LLE shall have to help in educating and implementing sustainable harvesting techniques to the owners and growers of bamboo.

5. LLE Selection criteria:

Selection shall be based on merit and on sole discretion of ABRPL, based on below criteria (not exhaustive) :

- Distance of applicant's permanent residence from the preferred area of operation
- Availability of land (own / leased)
- Proximity to road
- Availability of power
- Capability of arranging finance
- Business acumen
- Education qualification
